- If you have your NHI (National Health Index) number ready, this will make the process quicker. You can find your NHI number on a hospital letter, a prescription or prescription receipt. If you don't have your NHI, that's ok too.
- Everyone 12 years and over can get the free COVID-19 vaccination. You don't have to be a New Zealand citizen or resident.
- Please remember to wear a mask and observe social distancing protocols.
